# Meet Your Shadow Ritual

## Instructions:

**Sit in front of the mirror & light the black candle**

**Stare into your darkened reflection and watch how the candle flickers call your shadow self forward**

**You may see a dark or demonic being in your eyes - this is completely normal, it is just your perception of your shadow.**

**Take this time to become friends with your shadow self! You can ask them the following questions:**

- **What parts of myself am I rejecting?**
- **What lies am I telling myself?**
- **What am I doing for approval?**

**When you are done, thank your shadow side and blow out the candle**
